

Housing for over 55's

Arawak Walton have a number of schemes which have been designed to support you to live independently, all within our local communities and within easy reach of shops and the city centre. Each scheme is for people aged 55 or over and offers high quality studios, one and two bed apartments and bungalows, complete with your own private living area which includes a modern bathroom and kitchen.

“ I am enjoying my residency. The flat is in very good condition and the facilities are excellent. The communal areas are clean and everything is in good repair. The on-site staff are friendly and any repairs have been completed quickly. I would highly recommend Bougainvillea Gardens. ”

Mr Allen

“ The building is light and airy, secure and I have great view of the lawn/garden from my living room. After having lived in a flat unsuitable for me. Daisy Bank Court was the change I needed. I feel at peace now. ”

Mr Jorgensen

A friendly community

Our over 55's schemes bring people together. They each have a communal lounge, guest suites for when friends & relatives come to stay and attractive gardens, patios and green spaces.

Safety and security is of utmost priority for us; each of our schemes have been fitted with a secure door entry system with 24/7 support provided.

An onsite Scheme Manager is on hand to provide support and assistance if needed.

“ I have lived in my Bungalow for seven years and quite happy to be a tenant or Arawak. It's nice and warm, well maintained, repairs are quickly done when you report them. Shops are within walking distance. Area fine. We have a pull cord if we need help. So far I haven't had to use it but it makes me feel better knowing that there's someone to help you. ”

Mrs Edwards
